SUMMARY

I'm a hardworker ,Eager to learn something new is a my principle , I thrives on crafting innovative and user centric applications. With experience in building robust Mobile apps, and my specialize in leveraging tools and technologies to create high-quality, efficient solutions.I able to work with team and under pressure with specific use cases.and i have good logic when solve a problem

WORK EXPERIENCE

Bangkit Academy 2024 H2 - Google, Tokopedia, Gojek, & Traveloka

Sep 2024 – Jan 2025

Android Developer – Internship

Selected from 45,000 applicants for this intensive training and skills development program.Learned how to make scalable , testable and modular Android apps using Kotlin as main Programming Language .Also learn about soft skills such as Time Management.

- Developed 10 apps on Native Android using Android Studio and Kotlin as programming language.
- Implemented 5+ more Android framework like LiveData,Retrofit, ROOM , etc.
- Collaborated with 7 members of a one team with different roles for a final project.

Hackfest Hackathon 2024 - Google Developer Students Club Indonesia

Dec 2023 – Jan 2024

UI/UX Designer – Part time

Participated in Hack Fest Hackathon 2024 as part of a collaborative team, focusing on designing an app using Figma to ensure a visually appealing, user-friendly, and efficient interface

- Created an Mobile app design using Figma
- Developed detailed wireframes to communicate design concepts, structure, and layout, focusing on user experience (UX) and incorporating essential interactive elements to guide the app's functionality
- Created a comprehensive application flow based on a use case diagram

SKILLS

- Kotlin
- MVVM
- Retrofit
- Version Control

- XML
- ROOM
- Glide
- Object Oriented Programming

Additional skills:

- Java
- Python
- MySQL
- HTML
- CSS
- JavaScript
- PHP
- Firebase
- Git
- REST API

PROJECTS

Culture Connect Recommendation

Nov 2024 - Dec 2024

Cafe Recommendation app based on current user mood

- Collaborated with cross functional team to design and implement core features of a mood based cafe recommendations
- Contributed as an Android Developer who handled API Calls for predict user mood and display list of cafe recommendations.
- Successfully consume API to send user mood input and displayed list of cafe recommendations based on their mood.
- Technologies Used : **XML, Kotlin, Retrofit, Glide, Figma ,MVVM .**

Ceritain Cerita

Android Story app where user can upload their stories

Oct 2024 – Nov 2024

- Implemented API Calls for handled user image uploads
- Developed with duration of 1 month
- Technologies Used : **XML, Kotlin, Retrofit, Glide, Figma ,MVVM .**

Asciplus Cancer Detection

Cancer detection app based on user current uploaded images

Oct 2024

- Developed within a duration of 1 weeks
- Implemented on device model based using classification algorithm made with TensorflowLite
- Successfully displayed cancer classification with accurate and confidence score
- Technologies Used : **XML, Kotlin, Retrofit, Glide, Figma ,MVVM,TensorflowLite .**

Dicoding Events

All Dicoding events Information app such as Upcoming and Finished

Oct 2024

- Implemented API Calls from Backend server using Retrofit
- Successfully displayed Dicoding upcoming and finished events
- Implemented favorite feature that connect to local database using ROOM
- Technologies Used : **XML, Kotlin, Retrofit, Glide, Figma ,MVVM,ROOM .**

HONORS & CERTIFICATION

Bangkit 2024 Batch 2 Participant - Google, Tokopedia, Gojek, & Traveloka <i>Android Developer</i>	Jan 2025
<ul style="list-style-type: none">• Basic Programming with Kotlin• Fundamentals of Android Development• Intermediate Android Development	

Hackfest 2024 Hackathon Participant - Google Developer Students Club Indonesia <i>UI/UX Designer</i>	Jan 2024
<ul style="list-style-type: none">• User Interface Design using Figma• Basic Understanding of User Personas• Fundamentals of UI/UX Design	

EDUCATION

University of Sanata Dharma – Yogyakarta, Indonesia <i>Bachelor Degree in Informatics, 3.25/4.00</i>	Aug 2022 – Jul 2026
<ul style="list-style-type: none">• Linear Courses: Object Oriented Programming, Query Language, Human Computer Interaction, Basic Programming 1.	

ORGANIZATIONAL EXPERIENCE

Ikatan Alumni Sanata Dharma - HMIF USD <i>Member Publication Design and Documentation</i>	May 2024 – Sep 2024
<ul style="list-style-type: none">• Responsible for timekeeper when streaming is on progress• Assist the coordinator in designing participant certificates• Successfully managed number of large participants during the online zoom session	

Language :
<ul style="list-style-type: none">• Indonesia• English
